DETAILED ACTION

Response to Amendment

1. Amendment A, filed on July 16, 2002 has been entered as Paper No. 5. Claims 1-5 have been amended. The amendment is sufficient to overcome the 35 USC 112 rejection set forth in section 3 of the last Office Action.

Claim Rejections - 35 USC § 102/103

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claims 1-5 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Ishii et al. (U.S. Patent No. 5,368,921) as set forth in section 6 of the last Office Action.

Response to Arguments

4. Applicant's arguments filed July 16, 2002 have been fully considered but they are not persuasive.
5. Applicant argues that Ishii et al. do not teach the special properties of the present invention. However, Applicant has not shown that the properties of the present invention are not inherent to the material of Ishii et al. or that they would not be obvious modifications to make to the material of Ishii et al. The table of values for gas

permeability, thickness, and weight are not commensurate in scope with the material of Ishii et al.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
